RE: Diavik Diamond Project – 2012 Environmental Agreement Annual Report

Dear Laurie,

As a party to the Environmental Agreement, the Tłı̨chǫ Government has reviewed the Revised 2012 Environmental Agreement Annual Report (EAAR). We are of the opinion that this year's version of the EAAR does not live up to the expectations and obligations of the Environmental Agreement and is therefore unsatisfactory.

This version of the EAAR is not a fully comprehensive document bringing all of the relevant Environmental monitoring information and reporting together in one place; and there are certain aspects that are missing altogether it seems.

We thank you for the opportunity to comment on this document as it is an important report for our Government to keep up to date on the Environmental monitoring, impacts and mitigations occurring at the Diavik minesite.

Please do not hesitate to call me if you have any questions.

Sincerely,

Kerri Garner
Manager, Lands Section, Department of Culture and Lands Protection

Cc. Arnold Enge, Chair, EMAB
